6 ORBIT

Principal's Message

This has been another active year at Vincent Massey. All of our previous activities have been carried on and new clubs added to meet the changing needs of the student body and staff. Unfortunately, our enrolment has increased to the point that our facilities are crowded, particularly in the areas of science and library. Our two demonstration rooms and one science laboratory are used as "home rooms" leaving only the second lab free for general scheduling of science classes.

Discussions are to be held with administrative officers concerning planning and reorganization of library space. With the addition of new books and shelving some of the furniture will have to be removed which means fewer numbers of students can use the library for research, free reading and browsing.

Our Orbit committee has worked under severe handicap because it has had to operate from a poorly lighted area under the wood shop. We congratulate the members for perservance and enthusiasm for their project. Their efforts will surely be rewarded.

J. M. Rache

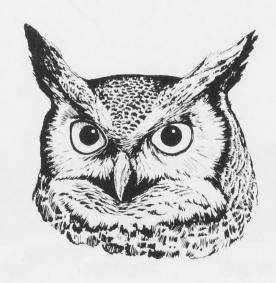

PRESIDENT'S MESSAGE

It has been an enjayable, as well as a fightening experience to serve as himcent massey's student's Council President. I hope I have fulfilled my affice to satisfy the majority of the student body.

The entire student's Council who have given me their support and faith throughout the year. The Tetting, our sponsor, deserves a special thanks for guiding us through the

l would like to extend my best wishes and luck to future student's councils. To serve lincent massey in such a challenging, rewarding way is an honor.

Ranise Salem Washi

BOWLING CLUB

COMPLIMENTS OF G BSON'S WESTBROOK BOWLING

Westbrook Shopping Mall

110 - 7th Aye. S.W.

Billiards

Clubs

Library Club

Members of the Library Club help with many routine duties. We also have a decorating committee.

The Stamp Club

The stamp club has collected stamps from various countries during the year, and has ended up with a very good collection.

Gymnastics Club

The purpose of this club is to develop all-round physical fitness by learning and performing various gymnastic activities.

The club operates for all ages and levels - juniors, intermediates and seniors.

Gymnastics teaches one self-discipline developed through individual practice. It also teaches body control.

Badminton Clubs

The badminton clubs of Vincent Massey have regular practices each week. These clubs are for your enjoyment but also improve your skill in the game

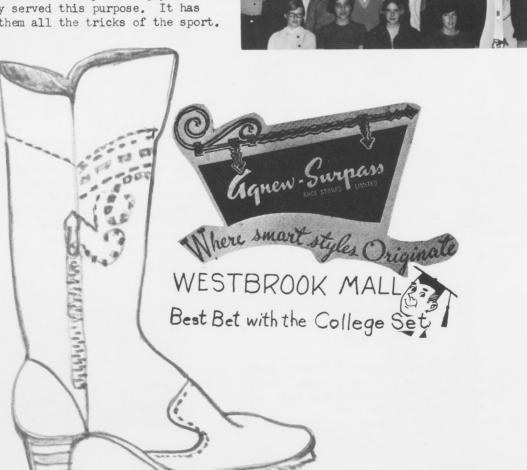

Chess Club

The president and secretary have advised, and are responsible for maintaining an "ability ladder" whereby players, in order to climb to the top must challenge and defeat other players whose names are above their own. We hope that in the following year we will have another successful chess club.

The Ski Club

This club was formed mainly for enjoyment and has fully served this purpose. It has also taught them all the tricks of the sport.
